

FIE 2022 - Proceedings

You'll find all paper titles below, sorted as presented in the program. Please use the ID to the left of the titles as a reference for finding the paper.

P11. A Capability-based Approach for Circular Business Model Innovation <i>June 17 at 10:30 AM</i>	
69529	Exploring circular business model strategies and practices Alexandre Sukhov
69149	Constituents of feasible building component reuse - multiple-case study from construction sector Lauri Alkki
68851	Are we ready for a Circular Operating Theatre? Advancing a Maturity Model for Circular Economy implementation in healthcare facilities Lucrezia Sgambaro
P13. Enabling innovation in the agri-food sector <i>June 17 at 10:30 AM</i>	
68677	The Colour of Sustainable Protein - Intertwined and rivalling sociotechnical imaginaries in the food sector Helena Fornstedt
69446	Cultivating Change: Firms' Adaptation and Collaboration Capabilities for Alternative Protein Innovations Hatice Has
68611	New Products and New Product Versions Launch Timing in European Food and Beverage Industry: Drivers and data-driven decision-making Malgorzata Fraczek
P18. Advanced Technologies: Transforming Businesses and Society for Diverse Goals <i>June 17 at 10:30 AM</i>	
69740	Transforming Regional Economies: Crafting Strategies for Innovation-Led Employment and Diverse Societal Impact Vitor Braga
69744	Artificial Intelligence-enabled Product-Service Innovation and opportunity window: the balance between High Performance and Sustainability Diego Honorato Clemente
69161	When David wants to enter Goliath's playground: the case of ENEL's "sun plant" in Sicily Gianluca Gionfriddo
P22. Organizing for Sustainability: a multilevel challenge <i>June 17 at 10:30 AM</i>	
69077	Towards a Sustainable Transportation – a customer-centered analysis of the development strategy for E-scooter Sharing Services Sirirat Sae Lim
68837	Foresight for Eco-innovation in Multinational Enterprises and Beyond Coralie Gagne
69577	Public procurement for innovations – Municipals as brokers, lead users, and catalysts for fossil-reducing innovations Lars Bengtsson
P25. Sociocultural factors in Smart city development: Prospects and Retrospect <i>June 17 at 10:30 AM</i>	

69578	At the crossroads of smart cities: Exploring the effect of internal and external Open Innovation on public services digitalization Filippo Marchesani
69572	Citizen involvement and collaboration for smart home development Frida Antonsson
69425	Exploring citizen engagement through urban living labs: An ethnographic study on urban stakeholders Giuseppe Ceci
P27. Enhance Imagination in R&D, Innovation and Strategy <i>June 17 at 10:30 AM</i>	
68963	Hybrid Project Management in Design-Technology Convergence: Addressing the ever-changing world in the Automotive Industry Florian Reichelt
69637	From Sci-Fi Fantasies to Real-world Desires: Contrasting Visions of a Digital Future Simon Lindblom
68868	Feeding brains. The transdisciplinary thought experiments of Stanisław Lem or how to use Science Fiction to responsibly explore Futures. Julien Bucher
P30. Corporate-startup collaborations: Motivations, challenges, and success factors <i>June 17 at 10:30 AM</i>	
69197	Acceleration of cleantech startups through matchmaking with large, established companies: A study of intermediation in open innovation. Karl Eldebo
69573	BRIDGING INNOVATION AND SUSTAINABILITY - THE ROLE OF STARTUP AND ESTABLISHED FIRM PARTNERSHIPS IN THE ENERGY SECTOR Linda Brüß
69418	Corporate startup studios as a mean to drive innovation within large corporates and accelerate collaboration with startups Olfa Chelbi
P33. Understanding Entrepreneurial Experimentation in Context: Contingencies, Processes, and Outcomes <i>June 17 at 10:30 AM</i>	
68937	Analytical Insights from Startup Competition Submissions Jung Park
69671	Entrepreneurial Experimentation and Ecosystem Interactions: The Case of Sportstech Ventures Marouane Bousfiha
69463	A Research on risk reduction systems in the Corporate Entrepreneur Initiative -Entrepreneurship as a Secondment in Japan- Takuya Miyamoto
P38. University-industry engagement: Impact and the rise of competency transfer partnerships <i>June 17 at 10:30 AM</i>	
69238	Unveiling the Collective Dynamics: A Case Study on Science-Industry Collaborations through CNRS Joint Labs Elise Ratier
69661	(Re)-Conceptualising University-Industry Engagement in Arts, Humanities and Social Science Hamisu Salihu
69182	UNIVERSITY-SOCIETY INTERACTIONS: THE ROLE OF CHAIRS AS INTERMEDIARY ORGANISATIONS Ana García-Granero
P40. Intellectual Property (IP) Management: How the management of IP is influencing the transformation of industries through technology <i>June 17 at 10:30 AM</i>	
69596	IBM, IP rights and open innovation Pascal Corbel
69681	Assessing scientific influence in patents: A GPT-4-based approach Joe Waterstraat
69780	Identifying the Mechanisms for Translating Economic Benefits from International Patenting into National Wealth Nadezhda Mullina
P41. Complex Firm Partnerships -not just Ecosystems <i>June 17 at 10:30 AM</i>	
68980	Building Leadership Through Reciprocal Collaboration Within the Meta-Organization Jing-Ming Shiu
69009	Digital convergence in ‘weak orchestration’ position: the management of Common Lock Quick Learning (CLQL) projects Agathe Gilain
69758	Adaptation Problems in Emerging Platform Ecosystems Murat Besili
P48. Beyond the hype: shedding light on Open Innovation <i>June 17 at 10:30 AM</i>	
69087	Acquiring knowledge from user innovators during a crisis: The case of the COVID-19 pandemic Khatereh Ghasemzadeh
69625	An agent-based simulation for innovation management Linda Ponta

69024	Knowledge Intensive Business Service Firm's Local Knowledge Externalities and Appropriability in Innovation Performance Min-Nan Chen
P5. Digital Innovation in Disruptive Times: Exploring Strategies across Teams, Technology, Firms, and Industry levels <i>June 17 at 10:30 AM</i>	
68906	Proof-of-Concept for Digital Transformation: Disentangling Technology Awareness and Cognitive Biases Maryia Zaitsava
69107	Scaling innovative solutions in traditional industries: a pathway configuration for small firms Patricia Carolina Garcia Martin
69231	Digital Technologies and Innovation: A Review, Critique, and Research Agenda Tang Wang
P51. Exploring The Metaverse: Barriers, Enablers and Expected Outcomes <i>June 17 at 10:30 AM</i>	
69776	The Challenges and Opportunities of the Metaverse from an Open Innovation Perspective: A Case Study for Higher Education Institutions in Latin America Juan Carlos Camelo Vargas
68822	Interactions Between Play and Work in the Virtual World: Qualitative Evidence from Second Life Feichin Ted Tschang
69081	The adoption of Non-Fungible Tokens (NFTs) in Corporate Marketing Strategies: growth tool or hype? Gianluca Centraco
P52. Technologies and Business Model Innovations: Emergence, Evolution, Exaptation, and Entanglement <i>June 17 at 10:30 AM</i>	
69195	Business Model Innovation at Two-Sided-Markets: The Emergence of a Dominant Business Model at Online Lending Marketplaces in an International Context? Christoph Schmidhammer
69183	BUSINESS MODEL INNOVATION FOR SUSTAINABILITY: A CASE STUDY IN THE ENERGY SECTOR. Pietro Rombola'
69605	Circumventing technological bottlenecks through business model innovation: Pathways to disruptive innovations? Adam Uhrdin
P54. The use of theory in technological innovation mananagement practice <i>June 17 at 10:30 AM</i>	
69204	Innovation incentive schemes to drive successful R&D projects in a corporate environment. Santiago Maldonado
68950	How are theories useful for practitioners when managing technological innovation? Rögnvaldur Saemundsson
66522	Synthesizing Soft Systems Methodology and Service Design: A Theoretical Framework for Enhancing Innovative Product Design Processes Yi-Chang Lee
Session <i>June 17 at 10:30 AM</i>	
	Presentation 1 Leena Aarikka-Stenroos
P11. A Capability-based Approach for Circular Business Model Innovation <i>June 17 at 11:40 AM</i>	
69259	Digitalization capabilities enabling circular business model strategies for SMEs. Nerine Mary George
69040	When Swedish industrial firms implement circular business models, what do they really do? Debadrita Panda
68678	What drives the success of online platforms for industrial symbiosis? An agent-based model Melissa Mollica
P13. Enabling innovation in the agri-food sector <i>June 17 at 11:40 AM</i>	
69217	Exploring inter-organizational business model dynamics – the case of organic food supply chains in Sweden Lena Krautscheid
69151	Entrepreneurial experimentation for ecosystem innovation in the agri-food sector Maria J. Bustamante
68878	BUILDING DIGITAL ECOSYSTEMS IN EMERGING MARKETS: A CASE STUDY ON AGRICULTURE Sreevas Sahasranamam
P16. Inter-organisational collaborations for a better and “circular” future <i>June 17 at 11:40 AM</i>	
68769	Collaborative Innovation in the Construction Industry - Stakeholder Collaboration as an Enabler for Innovation in the Circular Economy Johanna C. Zeller
69253	The effect of interorganizational collaboration in the organizations' sustainability performance: The moderating role of digital servitization Tero Rantala

69717	An exploratory analysis of circular economy-related collaborations of small and medium-sized enterprises Benito Mignacca
P18. Advanced Technologies: Transforming Businesses and Society for Diverse Goals <i>June 17 at 11:40 AM</i>	
68612	Proximity and Perception: Extending the Technological Acceptance Model to Explore Autonomous Vehicle Acceptance Armin Scheer
68873	Analyzing the influence of stakeholders on the use of AI to support the sustainable innovation management: evidences from multiple case study. Maria Chiara De Lorenzi
69038	Advanced Technologies for Societal Good – The Emergence of Artificial Intelligence in Complex Systems and Contexts Nicolette Lakemond
P22. Organizing for Sustainability: a multilevel challenge <i>June 17 at 11:40 AM</i>	
68944	How Do Diversity and Liberalism Shape Sustainable Innovation in Nonprofit Organizations? An Empirical Study of US Higher Education Yazhen Xiao
69222	Process or Origin? Consumer Perceptions of Sustainable Material Innovations in the Textile Industry Lauren Anne Mackintosh
68790	How ecosystems and infrasystems interact with each other: the case of low carbon hydrogen deployment Raphaël Guionie
P25. Sociocultural factors in Smart city development: Prospects and Retrospect <i>June 17 at 11:40 AM</i>	
69608	Linking R&D collaboration to patent quality in the sector of digital eco-technologies Pedro Moreno
68676	Organizing Public-Private Partnerships for Smart City Initiatives Shih-Chang Hung
68048	Regional Development and Crowdfunding Investments Francesca Di Pietro
P27. Enhance Imagination in R&D, Innovation and Strategy <i>June 17 at 11:40 AM</i>	
69256	Orchestrating Team Creativity: How Insights From Band Songwriting Enhance Team Innovation Processes Diana Heinbucher
69411	Research about the characteristics of R&D for functional semiconductors by time-dependent patent Network Analysis Hideki Hayashida
69120	Nurturing the Next Generation of Researchers: The 'Be a Researcher' Campaign Unveiling Perceptions and Fostering Unity in Research Perspectives Rosa Ma Alsina-Pagès
P30. Corporate-startup collaborations: Motivations, challenges, and success factors <i>June 17 at 11:40 AM</i>	
69747	Selection of startups for the venture client model Fabian Machon
68892	Venture Client Model - Process and methods to identify relevant problems in established companies Felix Bruchhage
68755	Complementarity vs. Substitution between Corporate Venture Capital and R&D Euju (Eugene) Jeon
P33. Understanding Entrepreneurial Experimentation in Context: Contingencies, Processes, and Outcomes <i>June 17 at 11:40 AM</i>	
68608	Strategy Formation in Platform-based Entrepreneurial Ventures after Rapid Growth Alexander Engelmann
69609	Standing on the Shoulders of Others: The Role of Universities and Individual Inventors in Firms' Exploration of General Purpose Technologies Valentina Bucaioni
68907	Understanding the Transition from Entrepreneurs to Managers: Qualitative-empirical Insights Sven M. Laudien
P38. University-industry engagement: Impact and the rise of competency transfer partnerships <i>June 17 at 11:40 AM</i>	
69752	Catalyzing Strategic Partnerships: Digital Transformation of Industry-University Collaborations for Synchronized Innovation Andrew T. Flowers
68641	The Social System Perspective for Studying Multidimensional University-Industry Interactions in Water Technology Industry Irina Pozhidaeva
P40. Intellectual Property (IP) Management: How the management of IP is influencing the transformation of industries through technology <i>June 17 at 11:40 AM</i>	
69809	Managing intellectual property along the financial venture life cycle of start-ups Martin Bader

69723	THE USE OF IP IN VENTURE DEBT FINANCE IN AUSTRIA Stefan Baronowski
69112	Patent portfolio strategies and valuations – a technological ecosystems analysis Ove Granstrand
P41. Complex Firm Partnerships -not just Ecosystems <i>June 17 at 11:40 AM</i>	
69548	Let change be who we are: how to create collective identity in an uncertain environment Nuria Moratal
69330	Strategic Technology Partnerships in AI: Analyzing Microsoft's Approach Neeti Gupta
69119	Dominator or Outlier, Who Fuels Your Disruptiveness? R&D Cooperation Strategy, Knowledge Breadth, and Disruptive Innovation Zihan Zhou
P42. Coopetition, Ecosystems, Networks and Alliances (CENA) <i>June 17 at 11:40 AM</i>	
69144	Bottom-up Data Strategy Formation in a Genesis of a Macro-level Knowledge-Innovation Ecosystem Anu Helena Suominen
68603	Alliance portfolio to foster green innovation. A start-up's perspective Charlotte Chappert
69185	Alliance Portfolio Diversity and Corporate Environmental Performance Flavia Cicerelli
P47. Unveiling ecosystem dynamics: bridging gaps between Entrepreneurial and Innovation Ecosystems <i>June 17 at 11:40 AM</i>	
69045	Resource dynamics of entrepreneurial ecosystems and the role of digitalization Melissa Bejjani
68828	A Policy Configuration Analysis of Arab Entrepreneurial Ecosystems Allan Villegas-Mateos
69622	Irish entrepreneurial ecosystem: Business models and structures of incubators/accelerators, key factors for growth, social and environmental impact Massimiliano Zanutto
P48. Beyond the hype: shedding light on Open Innovation <i>June 17 at 11:40 AM</i>	
68661	Nurturing strategic agility through corporate venturing advisory: An exploratory analysis Ilaria Mancuso
68870	Recent Research Trends in Open Innovation in SMEs: A Bibliometric Literature Review Duc Anh NGUYEN
69703	The evolution of Unconventional Platforms: Applying platform Thinking in non-digital environments Silvia Gadola
P5. Digital Innovation in Disruptive Times: Exploring Strategies across Teams, Technology, Firms, and Industry levels <i>June 17 at 11:40 AM</i>	
68733	Digital Transformation and Innovation Intermediaries: Navigating China's Construction Sector Giuseppe Lanfranchi
69757	Evolution at the wheel: Shifting R&D trajectories in the European automotive industry Hugo Confraria
69366	DIGITAL TRANSFORMATION OF R&D: THE ROLE OF FORMAL COMMUNICATION IN THE ADOPTION OF NEW TECHNOLOGIES Andrew James
P51. Exploring The Metaverse: Barriers, Enablers and Expected Outcomes <i>June 17 at 11:40 AM</i>	
69696	What Makes the Hype Hip? An Investigation of the Determinants of the Metaverse Hype among C-Level Executives. Thierry Rayna
68862	The Industrial Metaverse: Vision, Conceptional Framework and Research Agenda Viktoria Leutheuser
P54. The use of theory in technological innovation mananagement practice <i>June 17 at 11:40 AM</i>	
68955	Designing a VUCA-Compliant Innovation Management System: Critical Factors and a Practical-Oriented Framework for Manufacturing Companies Sandra Mühlböck
68865	An analysis of serendipity in NPD: six cases David Baxter
P11. A Capability-based Approach for Circular Business Model Innovation <i>June 17 at 01:50 PM</i>	
69075	How firms can build capabilities in corporate innovation that are both artistically inspired and environmentally sustainable Peter Robbins

69080	Microfoundations of capabilities to overcome barriers to circular economy implementation Stefano Franco
69592	Enablers and barriers to enable Circular Economy in the Forest-based Bioeconomy: insights from South America. Andrea Urbinati
69113	An economic complexity tool to analyze Circular Economy capabilities: The case of Italy Ilaria Lombani
P13. Enabling innovation in the agri-food sector <i>June 17 at 01:50 PM</i>	
69111	Agroecology Transitions: A Systemic Perspective on Sustainable Business Models in the Agrifood Sector Mubita Simataa
69356	Reframing value creation: Imagination as an approach for business model innovation Britt Smulders
P16. Inter-organisational collaborations for a better and “circular” future <i>June 17 at 01:50 PM</i>	
69188	Systemizing inter-organizational tensions in circular value chains: organizational capabilities for enhanced collaboration Viktorija Varaniute
69172	Blockchain-based IIoT Systems for Resource-Efficient Value Creation: Empirical Evidence from Multiple Case Studies Hannah Altenburg
69415	Interorganizational relationships under extreme resource constraints: an empirical analysis of circular economy enterprises Vittorio Capitani
69663	Incumbent industrial manufacturers in a fair and circular transition Johan Arekrans
P2. Creativity and its Management driven by Generative Artificial Intelligence <i>June 17 at 01:50 PM</i>	
69054	Exploring hypothetical and real-world applications of GenAI in creative problem-solving processes Christopher Müllner
69694	How Large Language Models Can Change Innovation Management? A Text Mining Case Study on ChatGPT's Tweets Filippo Chiarello
68789	Switching perspectives on generative artificial intelligence: a design view for humans-generative AI co-creativity Antoine Bordas
69225	A systematic Literature Review on the use of Artificial Intelligence in New Product Development Victoria Zago Mendes
P22. Organizing for Sustainability: a multilevel challenge <i>June 17 at 01:50 PM</i>	
69759	The Impact of Physicians' Dual Practice on Universal Health Coverage: Balancing, Collaborating, or Colliding? - A Systematic Review Simona Sedda
68899	On the road to success: Navigating the Hybrid Identity of Social Ventures in Equity Crowdfunding Ester Christou
68948	Managing Projects in Innovation Ecosystems as part of CSR strategy: multilevel Opportunities and Challenges Giulia Piantoni
69378	Values Perspective for a Sustainable Business Model Design Matthieu Kwasniuk
P23. A new management of Big Science: Science and Technology, Sustainable Development Goals and the Leave No One Behind principle <i>June 17 at 01:50 PM</i>	
68569	The varying logics of scientific collaboration formation Ekky Tammarar Alfian
68673	Unveiling research performance dynamics according to funding sources: A longitudinal study of a government-funded research institute in Korea Yeonsoo Park
68882	Aligning Artificial Intelligence with Sustainable Development Goals: An Analysis of Policy and Research Documents Bernardo Pereira Cabral
69046	Charting the Course: Examining Innovation Management's Research Contributions to the SDGs and Where We Could Do Better Katharina Thoms
P33. Understanding Entrepreneurial Experimentation in Context: Contingencies, Processes, and Outcomes <i>June 17 at 01:50 PM</i>	
68740	Navigating the Paradoxes of Professionalizing: The Case of a Service Robotics Startup Alejandra Rojas
68703	From Tradition to Technology: Innovation in Low-Tech Industries Through Experimentation and Knowledge Combinations Madeleine Englund
69060	Public Procurement and Young Firms Lena Fünér
69783	Flexible behavior and cognitive structures in business modeling to cater to heterogeneous customers Alberto Nucciarelli

P36. Systems approach to innovation management <i>June 17 at 01:50 PM</i>	
69387	ISO56000 Standards and Academic Perspectives: Integrating Theory and Practice in Innovation Management Diego Rolando Mahecha Capacho
67890	Systematic implementation of an innovation strategy using ISO 56002 Ingrid Kihlander
68957	Innovation Management System Legitimacy Emergence – A Process Perspective Kristoffer Lerche
68714	Exploring the Innovation Management Path through the Journey of Core Technological Breakthroughs: A Case Study of Mindray Medical in China YUXIN SU
P38. University-industry engagement: Impact and the rise of competency transfer partnerships <i>June 17 at 01:50 PM</i>	
68869	How industrial representatives' engagement influence perceived values in university-industry collaboration: Towards a conceptual framework Ehab Abu Sa'a
68688	How principal investigators' political identity shapes knowledge creation: based on the publicly funded university-industry collaborations of China Jinping Xiao
69678	Enhancing Dynamic Managerial Capabilities through Open Innovation: A Study on Middle Managers in University-Industry Collaborations Antonio Crupi
68059	Initiating and collaborating through firm-employed PhD student projects within engineering: The perspective of academic and industrial supervisors. Karin Berg
P40. Intellectual Property (IP) Management: How the management of IP is influencing the transformation of industries through technology <i>June 17 at 01:50 PM</i>	
66518	Digitization and Startup Innovation Jung H. Kwon
66988	A Corporate R&D Portfolio Analysis: A Case Study of LG Group EUNKYUNG YOON
69634	Involving lead-users in firm's standardization strategy within action groups: The case of smart Robotics Maria Cristina Longo
68856	The Patenting Work We Do In the Shadows Mimmi Westman
P42. Coopetition, Ecosystems, Networks and Alliances (CENA) <i>June 17 at 01:50 PM</i>	
69452	The Impact of Participation in Standard-Setting Process on Firm's Innovation Performance Yoonjeong Kang
69391	Using business model adaptation to address technological bottlenecks in green innovation ecosystems: The case of battery electric vehicles Thomas Draschbacher
69613	The drivers of the servitization of industrial organizations: The case of eight General Aviation manufacturers introducing innovative services Marie FABRE
69126	From Vision to Value Capture: Strategic framing of disruptive platforms ecosystems Virginia Springer
P44. Innovation Dilemmas for SMEs and Family Businesses: Navigating the New Platform Economy <i>June 17 at 01:50 PM</i>	
68422	Strategic Approaches to Overcome Main Challenges in Building Industrial IoT Platform-Based Business Models Michael Millan
69708	From Filter Bubbles to Exploratory Innovation: Managerial Attention and Alliance Portfolio Diversity in Meta-Organizations Georg Schiffner
69211	Conceptualizing a bottom-up approach for digital platform research: A systematic literature review in the context of family business and SMEs Marcel Hülsbeck
68630	Entrepreneurial Age and Entrepreneurial Innovation: The Moderating Role of Knowledge Sources Haisu Zhang
P47. Unveiling ecosystem dynamics: bridging gaps between Entrepreneurial and Innovation Ecosystems <i>June 17 at 01:50 PM</i>	
68857	The Role of International Knowledge in China's Artificial Intelligence Ecosystems Jacopo Cricchio
69001	From Social Innovation to Platform Hegemony: The Revolutionary Lifecycle of Kenya's Mobile Money Ecosystem Victoria Randa
69132	Simplifying Network-based Principles in Ecosystem Analysis & Development to Increase Practical Use by Policy Makers Mary Spaeth
69501	Regional incidence and persistence of high-growth firms: Testing ideas from the Entrepreneurial Ecosystems literature Clemens Domnick
P48. Beyond the hype: shedding light on Open Innovation	

June 17 at 01:50 PM	
68887	Technology Spillovers and Overseas Innovation Jianan Hou
68591	Understanding Hybrid Social Identity Divergence of Sustainable Founders by Using Generative Artificial Intelligence Johanna Anzengruber
68943	Digital Transformation in Sports: Navigating Sport Innovation Ecosystem for Digital Technologies Adoption Sirirat Sae Lim
69478	Orchestrating Open Innovation in Platform Ecosystems: The Role of Technological Community in Leveraging Vertical and Horizontal Complementarities Dimitris Assimakopoulos
P5. Digital Innovation in Disruptive Times: Exploring Strategies across Teams, Technology, Firms, and Industry levels June 17 at 01:50 PM	
69453	FROM ICT TO INDUSTRY 4.0: UNRAVELING FIRMS' PATENTING KNOWLEDGE RECOMBINATION IN THE EUROPEAN CONTEXT Saverio Barabuffi
69155	Exploring Quantum Computing's Business Potential: A Managerial Perspective Chiara Bartoli
68946	Exploring the Adoption of the International Information Security Management System Standard ISO/IEC 27001 in Finland Gülfem Özmen
69460	BIG DATA FOR SMES' RADICAL PRODUCT INNOVATION: UNPACKING THE EFFECTS OF BIG DATA CHARACTERISTICS Giulio Ferrigno
P50. Reviving the relevance of Open Innovation in an era of platforms, ecosystems and digitalization June 17 at 01:50 PM	
66176	Exploring the Impacts of Network Dynamics on Firms' Innovation in the Ecosystem: From the Innovation Community Perspective Ning Kang
68715	External Knowledge Sources and Firm-level Process Innovations: Insights from a Financial Technology Case Study Julien Bucher
69166	Influencing Factors on Collaborative Performance in Online Virtual Communities: A Meta-Analysis Yuan ZHOU
69641	Effects of inter-organizational collaboration on innovation output in digital innovation projects Tina Løvsletten Troset
P52. Technologies and Business Model Innovations: Emergence, Evolution, Exaptation, and Entanglement June 17 at 01:50 PM	
69738	The strategic adoption of an enabling technology from a business model perspective: the 5G case Mattia Magnaghi
69693	Squeezed between Business Models and Lean Practices? Revisiting the Potential of Production Innovation Matti Kaulio
69644	The development of innovative platform-based business models in the mobility industry Maxime Kinkel
69092	The Emergence of Data-Driven Business Models in the European Energy Industry Cláudia Antunes Marante
P11. A Capability-based Approach for Circular Business Model Innovation June 17 at 03:40 PM	
69348	Diffusion speed of patented eco-technologies. The role of organizational diversification of R&D Daniel Coronado
69480	From Linear to Circular: Innovation in Circular Business Models through AI Einav Peretz Andersson
69779	Harvesting Synergies: Exploring Industrial Symbiosis in Viticulture Industry Piera Centobelli
68976	Job crafting model for innovating circular business Nina Tura
P14. Impact of Environmental Targets on Corporate Innovation June 17 at 03:40 PM	
69034	Quantitative evaluation of the impact of climate classification on powertrain electrification penetration Mina Fukudome
68418	Strategic Influence of ESG and Political Capabilities of Firms in International Location Choices Michael Millan
69039	Mapping Corporate ESG Image: a Semantic Importance Approach based on media communication Ludovica Segneri
69650	Corporate Emission Profiles: Analyzing the 160 largest German Companies Nick Schreiner1
P2. Creativity and its Management driven by Generative Artificial Intelligence June 17 at 03:40 PM	

69473	Creative Experimentation and Intuition in AI-Supported Teams: The Case of an Innovative Course in Higher Education Dominik Hoerauf
69580	From human mind to GenAI: A literature review Peter Riddell
69260	Engaging GenAI as a dynamic dialogue partner in the knowledge creation process for innovation. Helena Blackbright
69283	Beyond Novelty in Ideation: The Human-Gen-AI Tango Jafar Sabbah
P23. A new management of Big Science: Science and Technology, Sustainable Development Goals and the Leave No One Behind principle <i>June 17 at 03:40 PM</i>	
69109	Funding research and innovation through a holistic portfolio approach Kristian Hilmar Mikkelsen
69742	Empowering Women, Driving Innovation: Building an Inclusive Future for Science Innovation in APEC Jing-Yun Yan
69513	Advancing sustainable development goals: Exploring internal data sources in higher education institutions' research and development activities Melina Maunula
69203	Patterns of R&D Collaboration in the Area of e-Health Marzenna Weresa
P33. Understanding Entrepreneurial Experimentation in Context: Contingencies, Processes, and Outcomes <i>June 17 at 03:40 PM</i>	
67372	Does Confucian culture promote entrepreneurship? Evidence from China Xixiong Xu
69196	HOW DO STRUCTURE OF VENTURE STORIES INFLUENCE STARTUP VALUATIONS? Niharika Garud
68020	Do Venture Age and Inter-industry Acquisitions impact the likelihood of a Unicorn IPO? Shanthi Gopalakrishnan
P35. New forms of organizing for innovation in uncertain times <i>June 17 at 03:40 PM</i>	
69061	Exploring the interrelation between agile practices and project complexity in product development projects Silvia Orejuela
68829	Innovation Management Practices adoption and Intrapreneurial behavior: how to cope with uncertainty Luca Cognigni
68861	Building innovation ability in uncertain times – case results from the implementation of a Nordic learning model Lars Bengtsson
69170	Agile transformation to an agile organization – a new form of organizing R&D Charlotta Linse
P36. Systems approach to innovation management <i>June 17 at 03:40 PM</i>	
68962	Inside-out or Outside-in: Paradox of Collective Action solutions in Public Health Vidya Oruganti
69154	Using Information Systems to Manage Ideas for Open Innovation in the Digital Era: A Systematic Review based on the Affordances and Constrains Theory Qian Chen
69679	Impact of AI/AR technology on workplace creative agency: Managing intentions to increase motivation and skill development. Bengt Köping Olsson
68109	Emerging National Health Innovation Systems for Artificial Intelligence: The Cases of Germany and Sweden Stefanie Steinhauser
P38. University-industry engagement: Impact and the rise of competency transfer partnerships <i>June 17 at 03:40 PM</i>	
68674	Research on the Construction of University Innovation System for National Strategic Scientific and Technological Force Shuo Yang
69214	Modeling an innovation process based on University-Industry-Government collaboration Guillaume Autissier
69456	Importance of interdisciplinary research for knowledge exchange in universities: An organizational perspective Abhijit Sengupta
68723	Fostering Industry and Research Organizations collaboration: An engagement model for innovation in the Global South GABRIEL FALCINI
P42. Coopetition, Ecosystems, Networks and Alliances (CENA) <i>June 17 at 03:40 PM</i>	
69602	Bridging Boundaries in Project Portfolios: Antecedents and Consequences of External Stakeholder Relationship Quality Doreen Gehl
68750	Catalysts of Success: Unveiling the Synergy between Strategic Pricing, Online Reviews, and Hotel Excellence Hervé Chappert

66936	Coopetition-based scenarios in supply-chain networks: a managerial framework Marko Budler
69739	Interplay of Inbound open innovation and new product development: A study on high-tech firms Muhammad Faraz Mubarak
P47. Unveiling ecosystem dynamics: bridging gaps between Entrepreneurial and Innovation Ecosystems <i>June 17 at 03:40 PM</i>	
69552	"BEYOND THE LEGAL FRONTIER": A COMPREHENSIVE STUDY OF THE LEGAL TECH LANDSCAPE THROUGH THE THEORETICAL LENS OF ECOSYSTEMS. Riccardo Maiolini
69341	A digital maturity model for assessing manufacturing ecosystems Fabiano Armellini
66154	Catalyzing the emergence of Entrepreneurial Ecosystems: the role of Science and Technology Parks networking on regional development Andrea Ancona
69181	Bridging the Gap: Mission-Oriented Interface Hubs as Catalysts for Knowledge Co-Creation and Exchange José M.R.C.A. Santos
P50. Reviving the relevance of Open Innovation in an era of platforms, ecosystems and digitalization <i>June 17 at 03:40 PM</i>
