Byung-Jae Choi, Korea

PROGRAM CO-CHAIRS

Sansanee Auephanwiriyaikul, Thailand
Derek Anderson, USA

SPECIAL SESSION CO-CHAIRS

Luis Magdalena, Spain
Yusuke Nojima, Japan

The FUZZ-IEEE 2023 Organizing Committee invites proposals for Special Sessions to be held during the 2023 IEEE International Conference on Fuzzy Systems in Songdo Incheon, Korea from August 13-17, 2023.

Special sessions complement the regular technical program by highlighting new and emerging research topics or innovative applications of established approaches. The topic of a special session proposal should be timely and compelling.

Note that all papers will be subject to the same peer review process as for regular papers.

Please submit proposals (up to 1 page) in MS Word by email to the official email address of the conference, cmiller@conferencecatalysts.com.

The proposal should include the following information:

- Title:** Propose a title of the special session.
- Abstract:** Introduce a brief abstract of no more than approximately 100 words that allows conference attendees to understand the topic and the focus of the special session.
- Keywords**
- Rationale:** Please explain why the topic of the special session is novel and timely, why it is relevant to the FUZZ-IEEE community.
- Related special sessions previously organized** (with number of papers received/accepted)
- Organizers:** Provide a list of organizers with their affiliations, short bio, and contacts and confirm you agree that this information will appear on the conference website.
- Expected number of submissions**
