Sponsorship Opportunities

You are invited to support the 2023 International Joint Conference on Neural Networks (IJCNN 2023), organized by the International Neural Network Society (INNS) and the IEEE Computational Intelligence Society (IEEE-CIS). This is an ideal way to demonstrate your organization's commitment to the field of artificial intelligence – including **neural networks, biomorphic systems, computational neuroscience, neuroengineering, and many other areas** at the frontier of technological innovation – and to publicize this support to many leaders and students in the field. Corporate support is typically used to permit a **greater number of students** to attend IJCNN at reduced fees without increasing the general registration, and to allow student volunteers to receive complimentary registration. Exhibits by sponsors also help inform researchers – especially students and postdocs – about relevant applications and opportunities. Corporate support can be targeted to a particular event or activity at the Conference. IJCNN 2023 has four sponsorship levels: **Platinum, Gold, Silver, and Bronze**. Your support is very important to the conference, and the conference committee ensures that these contributions are well recognized. We list the benefits and costs below.
