CALL FOR PAPERS

Organizers

General Co-Chairs

Jim Bender P.E.

Intertek

Bansi Patel

BRP Consultants

Technical Program Co-Chair

Grant Schmidbauer

Nemko USA

Brunno Covolan

Intertek

Technical Program Secretary

Mariel Acosta-Geraldino

IBM

Treasurer

David Castaneda

Nemko USA

Important Dates

February 15, 2023

Formal Paper/Reviewable
Presentation Submission
Deadline

March 15, 2023

Acceptance Notification
Deadline

April 1, 2023

Final Camera-ready Paper/
Presentation Submission
Deadline

Conference Dates

May 1-3, 2023

Annually, the IEEE International Product Safety Engineering Society (PSES) hosts a premier symposium (ISPCE) on current topics relevant to people who are challenged to make products safe and compliant with ever-changing global codes, standards, & regulations.

The fundamental activities covered in this symposium are critical aspects of virtually all Engineering endeavors AND they are now consuming greater time and attention from business leaders. This event provides an opportunity for inclusion and crosscompany collaboration that results in collective educational growth for all participants.

The Ask

- ✓ With so many recent regulatory changes, including the publication of a new National Electrical Code, record attendance is anticipated. Increase your recognition as an expert and contribute to IEEE.
- ✓ Support Product Safety Engineering Society by educating our audience of members & guests at ISPCE 2023.
- ✓ Submitting a presentation or formal paper is both a personally & professionally rewarding experience.
- ✓ Visit the Authors & Presenters page on the ISPCE 2023 website for author registration, comprehensive submission instructions, and the biography, paper and presentation templates to be used.
- ✓ Compliance Management - Technical and Documentation

Decorum for Full Papers and Presentations:

- ✓ Educational presenters speaking at ISPCE 2023, are permitted to reference the company they represent and/or company activities, when necessary for context within their presentation. However, other promotional activities or sales should be conducted outside of the actual presentation.
- ✓ Title for topic should not exceed 8 words.
- ✓ Abstract for topic should not exceed 50 words.
- ✓ Topic must be presented at ISPCE 23 to be published; for formal full papers, publication in IEEE eXplore and symposium proceedings, and for presentations, publication in the symposium proceedings.
- ✓ Further details are available at [ISPCE 2023](#) - [Authors tab](#).

Topics for ISPCE 2023

The IEEE international Product Safety Engineering Society seeks original and unpublished formal papers, presentations without formal papers, tutorials, and workshops on any and all aspects of product safety and compliance engineering - including, but not limited to:

- » Arc Flash
- » Batteries & Energy Storage Systems
- » Codes & Standards Development
- » Compliance Management, Compliance and Technical Documentation Management
- » Cybersecurity
- » Data Center Safety
- » EMC & Wireless Compliance
- » Emerging Technologies & Innovations
- » Energy Efficiency Codes Engineering & Safety Science
- » Environmental Regulations, Sustainability & Circular Economy
- » Ethics for Effective Compliance
- » Field Inspections & Evaluations
- » Forensics, Failure & Risk Analysis
- » Global Hazardous Locations
- » Global Market Access
- » Grounding & Bonding
- » Hazard Based Safety Evaluations
- » Instrumentation and Laboratory Equipment
- » Introductory or Advanced Design for Compliance
- » Laboratory Safety
- » Legal Regulations, Directives & Consumer Protection
- » Medical Devices
- » Product Labeling
- » Safety of Education and Healthcare facilities
